DETAILED ACTION

Claim Rejections - 35 USC § 112

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claims 1-8 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention. Phrases which make the claims indefinite include: "of adjoining one" in claims 1 and 2

Claim Rejections - 35 USC § 102

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claims 1-4, 6-16 and ^{2\}20 are rejected under 35 U.S.C. 102(b) as being clearly anticipated by Mazurenko. The tongue 3 is in the openings 4 meets the limitation of claim ^l10 as stated.

The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. Yarman, Zewawell and Baumann

Allowable Subject Matter

Claims 17-20 allowed.

Art Unit: 3636

Claim 5 would be allowable if rewritten to overcome the rejection(s) under 35 U.S.C. 112, second paragraph, set forth in this Office action and to include all of the limitations of the base claim and any intervening claims.

Claim 10 is rejected above but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims and changing "a tongue in one of" to -- a tongue formed from at least one of --.
